# WHO WE ARE

*STRENGTH AND RESILIENCE*

Inyathi means “Buffalo” in Zulu - It refers to the majestic and powerful animal that roams the grasslands. The term captures the essence of this creature, known for its strength and resilience.

Inyathi Tours is not just a business, it's a family's journey of resilience and passion. Started by Gerhard van der Berg where he started to explore by bringing International guests into South Africa to come and share the beauty of our country, Gerhard has built and guided numerous tours and transported various tour groups. Inyathi always looks for the best Tour guides for their groups. Not only tour guides, Vehicles are another critical piece to the puzzle where Inyathi has 100% up to standard vehicles from 5 Seaters to 22 seaters. All permitted, passenger liability and insured.

## ***DO IT YOURSELF***

Self-Driven options are available if your family or friends want to go on an adventure, or if you just want to hit the open road alone.

## ***PLANNED TOURS***

From planning to the final drop off, we can help you plan every step of your trip to take the stress off your shoulders and ensure you get the best rates.
